Actually, by default the bose systems are set to the RF commands. In the auto search method, all the universal remote codes are gone through scanning process in the remote. It scans one code at a time to find out the correct remote code that works with your remote to program the control. Follow the instructions given below: "Switch On" the smart device like "TV" that you want the universal remote to operate. "Turn on" the remote, tap on the device button (TV, DVD, CBL and OK/SEL) for 3 seconds. The LED light indicates the device is ready to program. Point out the remote to device and click on "CH+" & "CH-" switches. Remote will show on/off signals. Press "up" or "down" key continuously till the device will turn off. Verify the code by clicking on "power" key. Device should turn on. If it starts, try changing the channel to verify that remote is programmed correctly. Now tap the "device" button to save the code. LED of Device will blink twice for confirming the code stored. How to Program Bose Soundbar Universal Remote With Manual Method By using the keycode we can easily program a universal remote and the keycode identifies the make and model of your equipment. First you need to "Turn The Device On" Press the "TV" on your "Bose Soundbar universal remote" Now press and hold the "Setup button" of the Universal Remote until it shows the "Light Flash" (It means it is in "Learning mode") Finally enter the "Keycode" which you collected from the programing guide (Instructions Booklet) Once you've done this procedure, just "point your remote at the TV" and then "Press And Hold The Power" button You can release the "Power Button" whenever the screen switches off That's all, your TV will work perfectly now with the universal remote control, if your device is not working then try to repeat the same procedure with the different code from the same part of the reference table. How to Program Bose Soundbar Universal Remote With Code Search If you couldn't find the key code which works for the device at that time you can setup your universal remote to search mode for the correct one. Its a code in manual which forces the remote into the search mode First of all "Turn The Device On" Now press and hold the "Setup" button Enter the "9-9-1" (three digit) code Now hold down the "Power Button" on the remote and then press the Channel up them until the device in this case your tv "Turns Off" The above method might take some extra time but it is very important to find your key code. Once you have done the above procedure your remote should be working for all the in functions. If you have a BOSE Sound Bar and want to control it with a universal remote control, we have the codes needed. A BOSE soundbar can be controlled with any universal remote if you have the correct programming guide and the correct remote codes for the sound bar. If the codes below do not work with your BOSE sound bar, please leave a comment below with the model number of your remote control and we will find you the correct remote code. Program your universal remote control to a BOSE Sound Bar, SOLO, or Wave. Use the following 4 and 5 digit remote codes. BOSE Sound Bar Solo 4 Digit Remote Control Codes: 3741 0666 1256 1229 1280 1960 BOSE Sound Bar Solo 5 Digit Remote Control Codes: 31935 31229 31933 20752 11144 31517 31934 30189 01982 NOTE: Go into the menu of the Bose system and change the settings so it can receive infrared remote IR commands. Bose systems are set to RF commands by default. All remote codes reported working with the following BOSE Audio: Solo 15, Wave Radio, etc... These codes have been tested with the XR2 Remote, Comcast, Harmony 650, etc... To control other components with your Bose Remote, check this PDF file for... ALL BOSE UNIVERSAL REMOTE DEVICE CODES Bose Sound Bar Audio Systems Need more help programming your remote to your BOSE soundbar? Please leave questions below. Do you have a Bose Soundbar and need a Bose Soundbar universal remote codes to program the player? This post outlines the codes below. There are a number of remote control codes for Bose Soundbar listed below. We provided more than one code for each device. So if one of the codes doesn't work, please try out another code. The code is usually a 4-digits figure. Bose is one of the not so popular Soundbar brands in the market. Usually, a Bose Soundbar can be controlled with your smartphone since it is a Bluetooth device. But if for any reason you can't control your soundbar with your device, you can use a universal remote to program the Soundbar. You need to know how to program your universal remote control to work with your Bose Soundbar before you can use the code. The guide on how to program a BOSE Soundbar with a universal remote control has also been outlined below. One For All Universal Remote codes for Bose Soundbar's digits Universal Remote Control codes for Bose Soundbar 319333193511440198231517301892075331294 digits Universal Remote control codes for Bose Soundbar Also Read Pyle Soundbar Remote Control Codes And Setup Guide How to Program Universal Remote control for Bose Soundbar Step 1: Switch on your Bose Soundbar set. Also, Read Remote Control Codes for Panasonic SOUNDBAR Step 2: Hold your universal Soundbar remote to face your Bose Soundbar you wish to program. Step 3: Find the 'Menu' option on your universal remote. Press on to the 'Settings' button and 'Program Remote' then choose 'SOUND' or any device you wish to program. Step 4: If you got the process right, the tiny light will blink 4 times. When it does, pick any of the codes above for your device and enter.
